ZT3000 Overview

The ZT3000 is built to handle the toughest jobs with commercial-grade features including the TufDeck™ Pro cutting system and a powerful Kawasaki® FT series engine.

- Say hello to pro-grade performance with innovative cutting technology, heavy-duty torque, high fuel capacity, smooth operation and all-day ride comfort.
- When the job demands more, the ZT3000 is built to handle it with a heavy-duty, steel-tubed frame that's engineered to last.
- Powerful airflow aggressively shoots clippings from an extra-large discharge chute for a cleaner deck and a consistently high-quality cut with three available deck sizes.
- Put your ZT3000 into drive and notice instant power and response from the Hydro-Gear ZT-3100 hydrostatic transaxle drive system that delivers ground speeds up to 8 mph.

Performance 4

Pro-Grade Engine Performance

Summon all the pro-grade power you need to get more done. With versatile, high-performance Kawasaki engines ranging from 23 hp to 37 hp, you get the engine performance you need to power through job after job – faster and more efficiently. Bobcat zero-turn mowers deliver the power and speed you need for hours of uncompromising mowing that leaves your work a cut above the rest.

[Learn More](#)

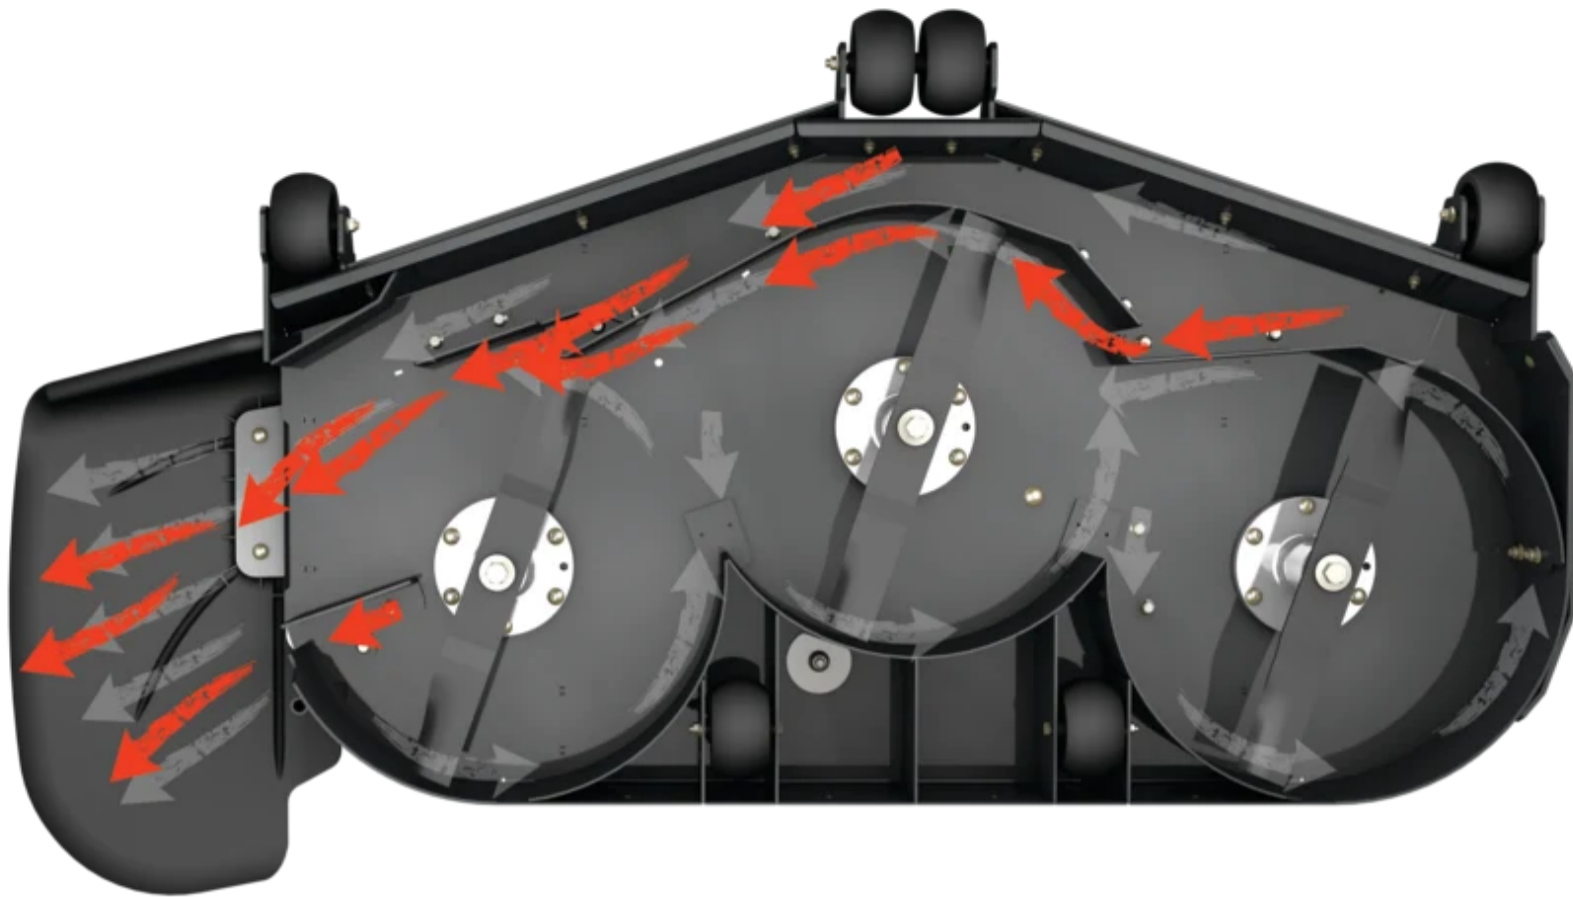

Commercial-Grade Transmission

Bobcat zero-turn mowers feature superior Hydro-Gear® hydrostatic transaxles that deliver more torque, more output, more speed as well as smooth and steady mowing power - whenever you need it. Shift into high gear with maximum output torque and ground speeds. Step on the gas and see how a Hydro-Gear drive system keeps your machine's transaxles performing at optimum output levels with improved control while reducing vibration and noise. The Hydro-Gear drive system is a major shift forward.

Engineering the Perfect Cut

There's a lot that goes into engineering the perfect cut – and it goes beyond just the cutting blade. It takes ingenuity, innovation and intelligence working in harmony. From deep deck designs and their unique geometries to patented baffle, airflow and vacuum-seal technologies – Bobcat zero-turn mower cutting decks deliver a quality of cut virtually no other zero-turn mower can.

[Learn More](#)

Fully Loaded Fuel Capacity

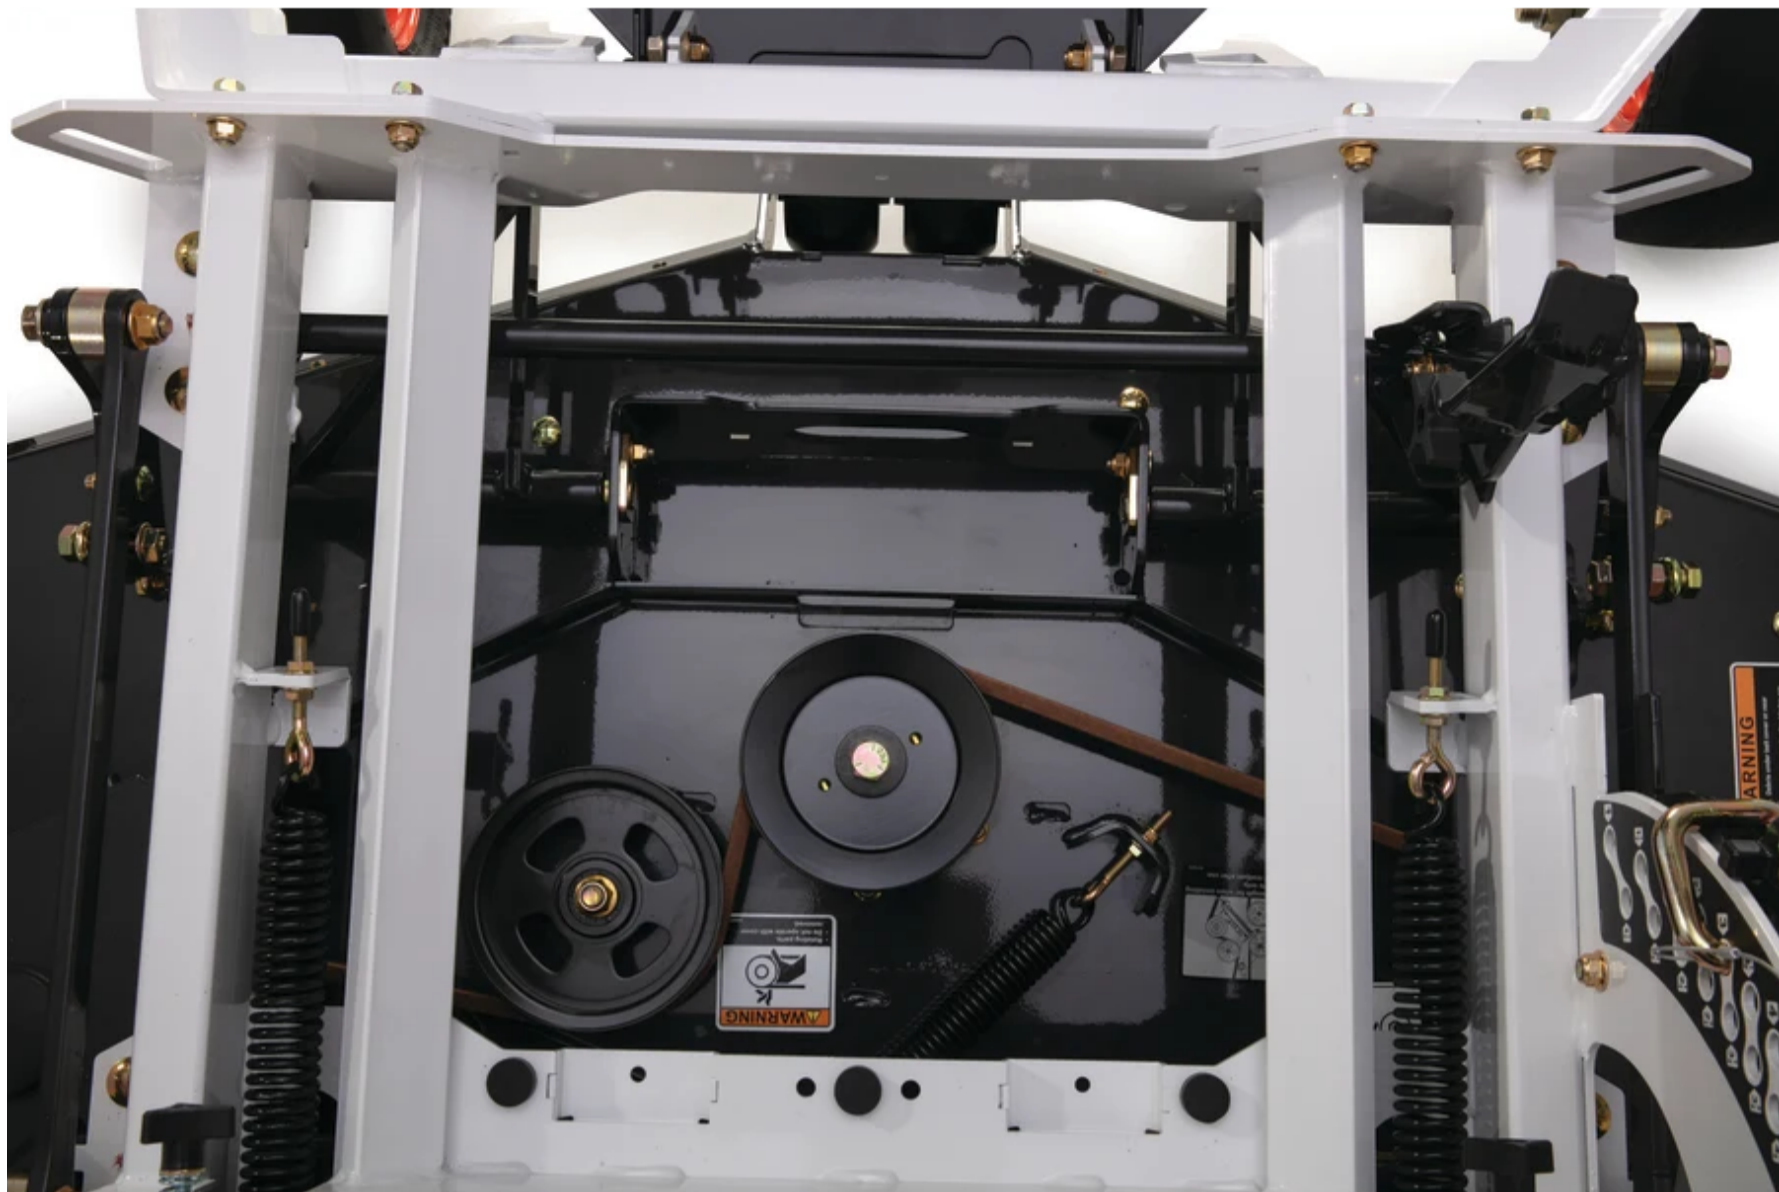

Fitted with a rugged, roto-molded, impact-resistant fuel tank with 3.8-gallon capacity, you have all the juice you need for hours of unstoppable mowing power – no matter how many acres you mow through.

Durability ¹

Tough Jobs. Tougher Equipment

You expect your machines to be as resilient as you and your crew are. That's what you get from Bobcat zero-turn mowers. They're built with heavy-duty, tubed steel framing that provides maximum durability to keep you on the job – and out of the shop. Our mowing decks, constructed with heavy-gauge fabricated steel, also are tough enough to handle everything commercial jobs can dish out.

Comfort 1

Comfort and Control All Day Long

Experience ride comfort and intuitive operation like never before. The comfort command center optimizes the zero-turn mowing experience by putting responsive, ergonomically designed controls right where you need them – at your fingertips. When tackling tough jobs, the comfortable suspension seating and innovative anti-vibration technology will give you hours of unmatched ride comfort.

Versatility 1

Zero-Turn Mower Accessories

A large selection of accessories for your Bobcat zero-turn mower are available to help you save even more time, enhance operation and create the professional finish you're looking for. Zero-turn mower accessories include mulching baffle kits, grass collection systems, a lawn striping kit, a ROPS Kit, magnetic light kit, a ZT hitch kit and no-flat caster wheels.

Serviceability 1

Maintenance Made Easy

Easy to Own. Efficient to Maintain.

You depend on your equipment. It's your business, your lawn, your livelihood – and you don't have time for downtime. Built for easy serviceability, Bobcat zero-turn mowers have intuitive access points to internal components that make maintenance quick and easy.
