

COMMERCIAL
MOWERS

IMPROVING LIFE & LAWN CARE

In 1964, Hustler Turf introduced the world's first twin-lever zero-turn lawn mower. Ever since, Hustler Turf has been improving on the original design by implementing a rigorous R&D program to engineer, test, and push the envelope on what was possible with a zero-turn mower for the commercial market.

Hustler Turf is a one-stop shop for mowing professionals with sit-downs to stand-ons to walk-behinds, and deck sizes ranging from 34-inches to 104-inches.

THE HUSTLER[®] ADVANTAGE

SMOOTHTRAK™ STEERING

Developed over decades of experience. Precision control designed to help trim and maneuver easily around obstacles.

INTEGRATED PARK BRAKE

Hustler was the first to integrate the parking brake into the twin-lever design. This design was patented for years and continues to be a great safety feature for operators.

FABRICATED DECKS

Our fabricated welded-steel decks are designed to handle harsh conditions. Heavy-gauge steel and reinforced impact areas help prolong the life of the deck.

TOUGH FRAMES

Fabricated welded-steel frames, thick front axles and forks with heavy-duty caster yokes help your mower last for years. Our frames are tested for thousands of hours on concrete test tracks with inclines and embankments.

SIMPLE DESIGN

Who wants something you can't work on yourself? More engineering doesn't always mean more parts or more complexity. Quite the opposite. We engineer our mowers for easy serviceability with flip-up seat pans, removable floor pans, and vented pulley covers.

PRECISION CUT QUALITY

Our decks are not only tough, but engineered to provide a clean, crisp cut. This comes from decades of learning how the airflow inside the deck stands grass blades up during the cut. The result is an even cut and defined stripes.

HYPERDRIVE SYSTEM

Reducing the temperature of the oil in your wheel motors is key to extending the life of your hydraulic system. Hustler's exclusive HyperDrive system helps do just that with temperature regulation and tough components designed to keep your mower at peak performance. Featuring a 5-year / 3,000-hour limited warranty** on the hydraulic system (warranty available on the HyperDrive mower only).

Available on the following mowers:

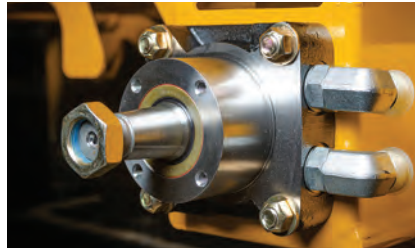

HYPERDRIVE
SUPER 104

9" Fan & High Capacity Oil Cooler with Hot Oil Shuttle

Large Oil Reservoir

Parker Wheel Motors

Industrial-Grade Slipper Piston Pumps

Warranty available on HyperDrive mower only

**See owner's manual for warranty details and information. Certain restrictions apply.

VX™ DECK TECHNOLOGY

The Hustler VX Deck is engineered for extreme vacuum. The deck is designed to draw grass and leaves up into the mower blades helping achieve a consistent cut.

Available on the following mowers:

X-ONE Super Z
SUPER S HyperDrive
SUPER SF

1 Front Wall to Blade Distance
Opened to allow for adequate grass throughput and aid in providing even clipping dispersal.

2 Internal Front Wall Height
Designed to help grass stand back up prior to being cut.

3 Full Width Air Channel
Open across the entire front deck, designed to allow crossflow in front of the cutting chamber to aid vacuum across the width of the deck.

4 Anti-scalp Wheels
Located outside the deck to help keep the air channel unobstructed.

5 "Cut-off" Baffle
Designed to help throughput and balance of airflow through the deck.

6 "Sharp" Wrapper Intersections
Help minimize air flow across the back of the deck.

7 High Sail Blades
Helps generate lift.

8 Front of the Deck
11 ga. bull nose/ramp.

9 Blade Bolt Protectors
Helps protect the bolts from being sheared off from uneven ground or hard debris.

10 7 ga. Deckplate with 7 ga. Stamped Spindle Mounts
Designed for durability and long life in sandy conditions.

VX4® DECK TECHNOLOGY

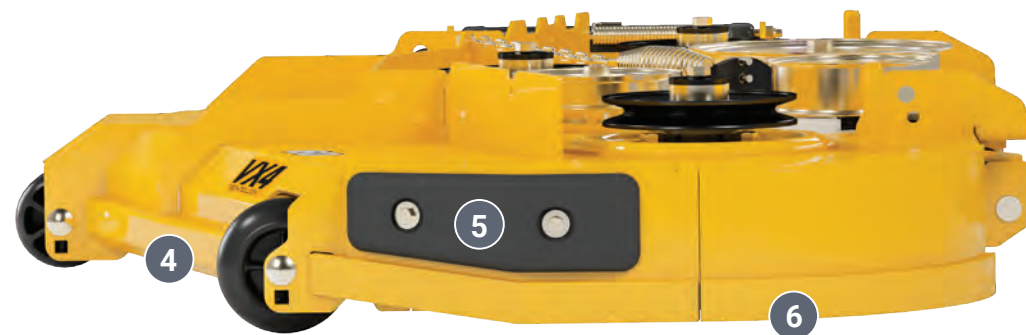

The VX4 Deck combines four performance features to help provide a quick, clean, and professional looking cut: Versatility, Velocity, Vacuum and Volume. The combination allows professionals to move grass through the deck efficiently and consistently.

Available on the following mowers:

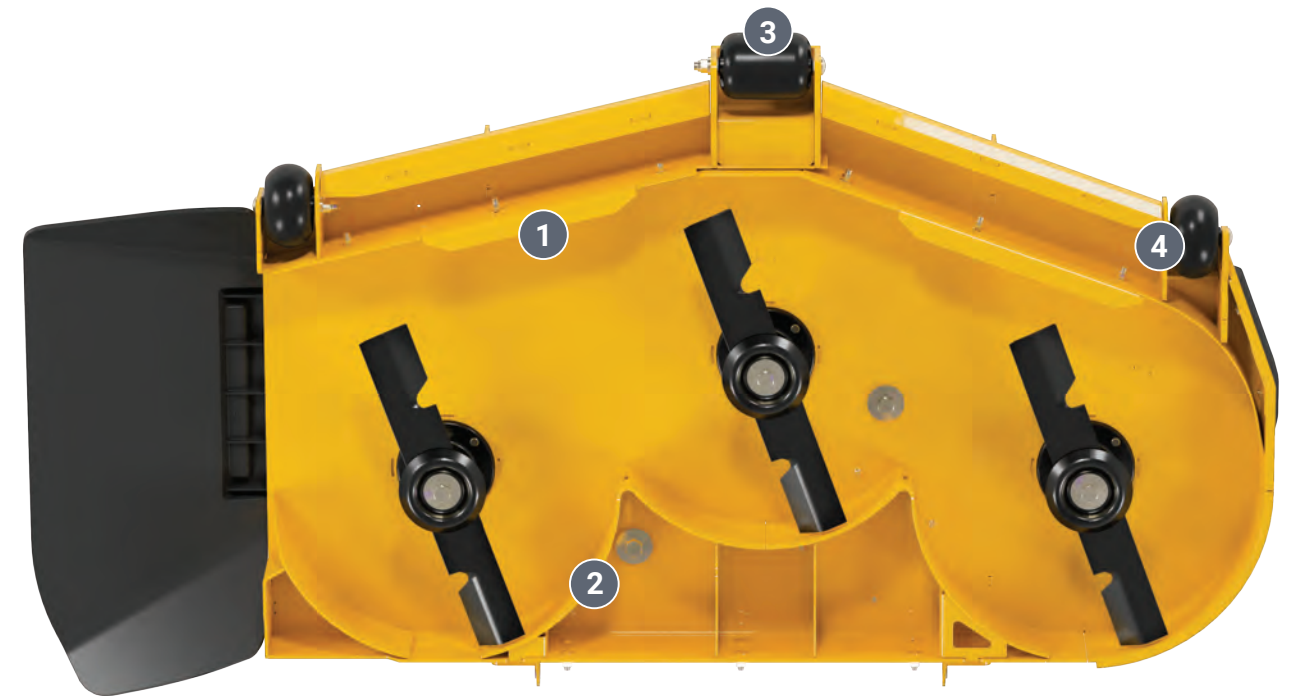

Super Z
HyperDrive
Diesel Z

DECK FEATURES

- 1 Formed Discharge Stiffener**
For rigidity to help movement at the discharge opening.
- 2 Deckplate Reinforcement**
7 ga. steel along the top of the deck is engineered to provide continuous support from front to back and to help prevent the deck from bending.
- 3 Stamped Deck Doublers**
Stamped 7 ga. steel around the spindle mount areas creates a 3.8" total thickness designed to support the spindle and add strength to the deck.

- 4 Formed Bump Bar**
Angled contact surface formed and engineered to help protect the deck by deflecting impacts.
- 5 Wear Guard**
Poly replaceable wear plate helps protect deck trim edge and obstacles from damage.
- 6 Deck Guards**
 $\frac{3}{8}$ " thick guard helps protect the integrity of the deck from side impacts.

UNDERSIDE OF DECK FEATURES

- 1 Adjustable Front Baffle**
Allows for adjusting the deck according to mowing season and grass type for a precise cut.
- 2 Deck Wrappers**
7 ga. deck wrappers help fortify the deckplate.
- 3 Front Anti-Scalp Wheel**
Anti-scalp wheels with internal bushings help protect turf from scalping damage or uneven terrain.
- 4 Heavy Gauge Mounts**
 $\frac{3}{8}$ " guard helps protect the integrity of the deck from side impacts.

SPINDLE IMPROVEMENTS

- Debris Shield**
Designed to protect the top bearing from water, dirt, and debris.
- Relief Fitting**
Designed to protect seals from overpressure when filling with grease.
- Ductile Cast Iron Housing**
Helps provide protection for the spindles.
- Grease Zerk**
Easy access to grease the spindles.
- Blade Bolt Protectors**
Designed to protect the bolts from being sheared off from uneven ground or hard debris.

FASTRAK SERIES

FASTRAK & FASTRAK SDX SHARED FEATURES

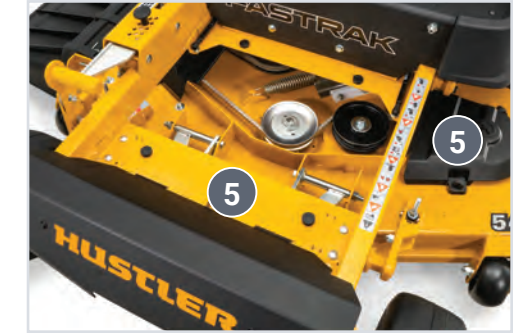

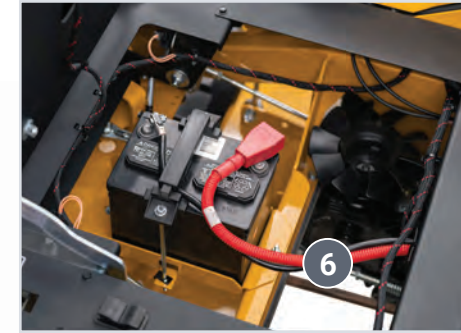

1 Magnetic Top Pin Deck Lift System
Adjust the deck height between 1.5" -4.5" with your foot.

2 SmoothTrak™ Steering
Precision control designed to help trim and maneuver easily around obstacles.

3 Cast Deck Hangers
Designed to help improve durability.

4 Front and Rear Tie Downs
1.5" x 3" tubular steel fabricated frame with front and rear tie downs.

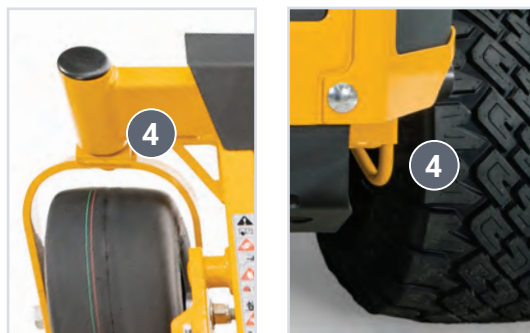

5 Easy Serviceability
Flip-up seat pan, removable floor pan, and toolless removable pulley covers to make maintenance easy and simple.

6 Less Clutter Under Seat
Provides airflow aiding in keeping transmissions cooler.

7 Transmissions
Serviceable Hydro-Gear® Transmissions.

8 Welded Steel Deck
10 ga. welded fabricated steel.

9 BigBite™ Tires
Excellent traction designed not to tear up turf. We worked directly with the tire manufacturer on this product.

ACCESSORIES & OTHER PRODUCTS (each sold separately)

2-BAG POWERED BAGGER

Bagger has a 7.2-bushel capacity. Available on FasTrak® and FasTrak® SDX.

3-BAG POWERED BAGGER

Bagger has a 12-bushel capacity. Available on X-ONE®, Super Z®, and HyperDrive®.

FLEX FORKS®

Designed to provide operator comfort and an even cut, especially over uneven terrain or at high speeds.

MULCH KIT

Recycles clippings back into the soil to reclaim nutrients for your lawn.

STEEL SIDE BAGGER

Bagger has a 3.5-bushel capacity. Available on FasTrak, FasTrak SDX, X-ONE, Super S®, and TrimStar®.

MESH SIDE BAGGER

Bagger has a 3-bushel capacity. Available on FasTrak, FasTrak SDX, X-ONE, Super S, and TrimStar.

STEERING EXTENSION KIT

Allows for height adjustment of steering levers to help make your mowing experience as comfortable as possible.

LIGHT KIT

Help extend productivity into late hours. Kit contains two high-quality 12-volt lights with a switch that mounts in the instrument panel.

BACVAC

Electric actuated DFS bagger system. The BACVAC has a 10-bushel capacity. Available on X-ONE, Super Z, and HyperDrive.

MICHELIN® X® TWEEL® TURF

Airless radial tires designed to help minimize downtime caused by flat tires and unseated beads. Available on X-ONE, Super Z, HyperDrive, and Diesel Z.

STRIPE KIT

Helps provide a professional, manicured finish to your lawn. Depending on the mower, rubber flap or steel cylinder options are available.

SEMI-PNEUMATIC TIRES

Designed to help protect against flat tires.

HUSTLER FLUID PRODUCTS

Hustler Turf's motor oil, fuel stabilizer and hydrostatic transmission oil products will help keep your machine running smoothly. Ask your local dealer about availability of these products.

Visit [hustlerturf.com](https://www.hustlerturf.com) for more specs.

Visit [hustlerturf.com/find-a-retailer](https://www.hustlerturf.com/find-a-retailer) to locate your nearest dealer.

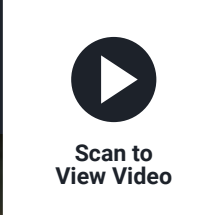

FLEET PROGRAM

The Hustler fleet program is one of the most aggressive in the industry. We value loyalty and reward our customers for it. To qualify you only need to purchase 2 units.

Once you're in the program, your fleet pricing is good for a rolling 12 months. If you need to add a single unit 6 months from your original purchase, you get the fleet discount for that 1 unit and your 12 months starts over.

— THE —
HUSTLER
MENTALITY

# of Units Purchased	Fleet Discount
2 Units	25% off MSRP
4 or More Units	27% off MSRP

Eligibility:

Customers who purchase 2 or more eligible products on the same invoice.

Eligible Units:

- FasTrak (2021 model and newer)
- FasTrak SDX
- X-ONE
- Super Z
- Super Z HyperDrive
- Hustler Diesel Z
- TrimStar
- Super S
- Super 88
- Super 104*
- Super SF
- Surfer Pro**

Details & Guidelines:

- If you purchase an additional eligible unit within 12 months of the original invoice date, the same rebate % originally paid per unit will be applied.
- You can continue to extend your fleet discount with purchase of at least one eligible unit during each subsequent 12-month period.
- This additional sale does not increase the original # of units sold. You retain your original bracket discount, subject to current published MSRP at the time of additional sale.
- Retail financing may be used unless otherwise stated in program.
- Programs cannot be used in conjunction with other rebates or promotions unless specifically stated.

*max discount on Super 104 is 25%
**Will count toward fleet program minimum but not eligible for discount pricing
